携车飞行

AIR TRAVEL WITH YOUR BIKE

出行前准备

- 预订机票前务必确认该航空公司是否承运运动器材（自行车储存于自行车箱内）及其具体收费详情。
- 在预订过程中，请务必直接告知旅行社或航空公司您需携带自行车。该信息将转达给航空公司，您将收到单独通知。
- 向航空公司申报需支付费用；若未收到其他通知，这些费用通常直接在值机柜台缴费。
- 此外，请规划机场至酒店的交通方案。若购买跟团游套餐：预订时务必向旅行社申明自行车自机场至所订酒店的往返运输需求，否则可能产生额外费用。
- 自行车赛事主办方：运输服务通常包含在旅行费中；请务必于赛事启程前确认细则。

出发

- 携带自行车乘机时，请务必预留更多值机时间。
- 若搭乘早间航班，推荐使用夜间值机服务，节省出发当日时间。
- 请照常前往值机柜台办理登机手续，领取登机牌后，通常需移步特殊行李柜台办理大件托运。

到达目的地机场

自行车箱通常经特殊行李传送带抵达，或由大件行李交接门人工交付；极少出现在常规行李箱传送带上。

箱体损伤报告

若发现箱体损伤，请立即向航空公司申报；多数机场的失物招领处可提供协助。

美国境内旅行指南

所有托运行李必须接受安检——具体方式因机场而异。多数机场采用自动化安检系统：托运行李在值机柜台后方传送带运送，于非公开区域完成远程安检及放行。此流程存在风险，因TSA（美国运输安全管理局）不负责按旅客标准重新封装箱体。建议您联系值机柜台要求TSA专员现场监督安检，可提前预约或值机时提出。更多TSA安检流程、禁携及许可物品信息，请访问 www.tsa.gov/travel。

BEFORE TRAVELLING

- *Find out before booking whether the airline carries sport luggage (bike in the case) and how much the charges are.*
- *Notify the travel agency or airline directly during the booking process that you want to take your own bike. This information will be passed on to the airline and you will receive separate notification.*
- *There are costs associated with registering with the airline. If you don't receive any other notification, these costs are usually paid directly at the check-in desk.*
- *Also think about transport from the airport to the hotel. For package travel deals: notify the travel agency about bike transport from the airport to the booked hotel and back when booking, otherwise additional costs may arise.*
- *Cycling event organisers: transport is usually included in the travel cost. Inform yourself in good time before departure.*

DEPARTURE

- *You should generally plan more time to check-in when you travel with a bike.*
- *For early morning departures, we recommend the late night check-in service to save time on the day of departure.*
- *Report to the check-in desk as usual. Once you have received your boarding pass, you usually have to go to a separate desk for bulky luggage.*

AT THE DESTINATION AIRPORT

The bike case usually arrives on a special conveyor belt or is handed to you through a door for bulky luggage. It is rare for it to arrive on the normal suitcase conveyor belt.

DAMAGES TO THE CASE

Report any damages to the case immediately to the airline. The "Lost & Found" desk usually helps you at most airports.

TRAVEL IN THE/WITHIN USA

All checked baggage must be screened – the method of screening varies by airport. Many airports have automated in-line baggage screening systems where your checked baggage is placed on a conveyor belt behind the ticket counter. It is then screened and cleared remotely, outside of public view. This will pose a risk as TSA is not responsible for repackaging and closing the case with the same care that we, or our customers would have. It is recommended that you contact the Airline Check in Counter and request a TSA Agent to stay with the baggage. You may do this ahead of time, or at the time of check in. For travel tips and information about TSA screening procedures and prohibited and permitted items, please visit www.tsa.gov/travel.

如何测量您的爱车尺寸

HOW TO MEASURE YOUR BIKE

注：所示尺寸为直立闭合箱/包的长×高×深。本表仅作参考，实际适用性需对比箱体内部尺寸与自行车拆解后以下数据：

① 叉脚前端至后拨链器末端长度

② 坐管高度至链轮下沿高度（若空间不足，需拆卸后拨链器。因此您应测量叉脚前端至车架后钩爪间距）

如需精准匹配车型，请使用官网在线配置器：

<https://www.b-w-international.com/de/fahrrad/>

Note: The dimensions stated are length x height x depth for a closed upright case or closed upright bag. This table only serves the purpose of providing initial orientation. For the actual possibilities of use, please compare the interior dimensions with the dimensions of the dismantled bike from the front edge of the fork drop to the end of the rear derailleur and the height of the seat post to the underside of the chain wheel. If necessary, the rear derailleur must be dismantled. Therefore you should measure the front edge of the fork drop to the back edge of the frame dro p. If you want to know in more detail if your bike fits, make use of our configurator on our website: <https://www.b-w-international.com/de/fahrrad/>

版本状态：2021年9月 - 所有信息可能存在印刷错误。

Status: September 2021 - All information is subject to typographical errors.
